REMARKS

25X1X

In early February 1951, Soviet Air Force Unit [redacted], consisting of 180 pilot officers and 170 ground officers, was being transferred from the Jueterbog-Altes Lager (N 52/E 69) airfield to Brandenburg-Arado (N 53/Z 23) where the unit was quartered in Litzmann Kaserne. \*

\* [redacted] Comment. The transfer of an air force unit from Jueterbog-Altes Lager to Brandenburg-Arado is credible since [redacted] six trains with a total of 209 boxcars and 38 flatcars moving from Jueterbog to Brandenburg-Arado between 1 and 10 February 1951. The number of railroad cars reported is required for the transportation of one air force regiment with its necessary ground units. Therefore, it is believed that one ground attack regiment with its ground units was transferred from Jueterbog to Brandenburg-Arado. No ground attack aircraft have been seen at the Brandenburg-Arado airfield.
